

Cheque Clearing Totals 2017

	VOLUME (000's)			VALUE (£millions)		
	2016	2017	change	2016	2017	change
Inter-bank items	344,621	292,961	-15%	400,158	356,438	-11%

• The above figures represent items exchanged between C&CCC Member banks and building societies within Great Britain only. These are known as inter-bank items.

• In addition to the volumes shown, there are a large number of items which are processed within Members' branch networks (known as inter-branch and in-house cheques.) Due to differences in processing and reporting methods, volumes and values for these items have not been shown but they could increase the overall total volumes by a significant margin.
